

# SOIL CONDITIONER

# **SOIL CONDITIONER - SPECIFICATIONS**

## Description

A versatile, cost-effective landscaping attachment. It saves time and labour when smoothing ruts, moving material or levelling mounds.

Produces a perfect bed for seeding and

### Requirements

equipped with an attachment control kit.

### Features & Benefits

- · Produces a perfect bed for seeding or laying grass turf.
- · Windrows and separates rocks and other debris.
- · Impressively grades and levels topsoil with ease in floating or fixedmode per landscape requirement.
- · Tears out old sod.
- · Pulverizes dirt clumps.
- · Forward and reverse raking action.
- · Roller bar follows ground contours perfectly.
- · Flip-up front bolster lets you get close to buildings and saves spaceduring transport.
- · Direct-drive motor eliminates chain and sprocket problems.
- · Attachable end plates for box-blade effect.
